

Niloo Shah-savar

Student in AI Development

Stockholm · +46 (0)79 333 72 40 · shahsavar.niloo@gmail.com · [Portfolio](#) · [LinkedIn](#) · [GitHub](#)

Profile

Motivated student specializing in AI and machine learning, with a strong interest in Python, SQL, and data-driven development. Experienced in hands-on projects published on GitHub and combining backend AI skills with frontend development.

Education

Python Developer in AI, *Nackademin*

2025–2027 · Stockholm, Sweden

Advanced Higher Vocational Education Diploma

Focused on Python development, SQL, AWS fundamentals, AI engineering, machine learning, and deep learning, with practical training in building data-driven applications and intelligent systems.

UX & Frontend, *Chas Academy*

2023–2025 · Stockholm, Sweden

Advanced Higher Vocational Education Diploma

Studied user-centered design, prototyping, and frontend development, with practical experience in Figma, HTML/CSS, JavaScript, and React.

English Translation, *Molana Institute of Higher Education*

2009–2014 · Iran

Bachelor's degree

| Swedish | Full professional proficiency |
| English | Full professional proficiency |
| Persian | Native proficiency |

Skills

- | | |
|----------|--|
| Backend | Python, SQL, FastAPI, AWS |
| Frontend | JavaScript, React, HTML, CSS, Tailwind |
| ML | Machine Learning, RAG, Agentic, Coding |

Projects

Survey · React, FastAPI, OpenAI API (In progress)

2026 · Stockholm, Sweden

Developing an AI-powered survey builder that generates surveys from user goals, supports public response collection, and automatically analyzes results using AI.

Personal Blog Platform · React, Firebase (In progress)

2025 · Stockholm, Sweden

Built a full-stack blog application with authentication and database using Firebase. Currently developing a custom authentication system and a PostgreSQL database backend, with plans to integrate AI-assisted features

Live demo: <https://niloos-blog.netlify.app/home>

Random Stuff Webshop · React, CSS (In progress)

2025 · Stockholm, Sweden

Built a responsive e-commerce storefront prototype, focusing on clean product browsing and a simple shopping-cart flow. Currently developing a real backend with a proper database and secure login/authentication.

Experience

UX Researcher (Internship), *EdAider*

2025 · Stockholm, Sweden

Analyzed engagement data for an AI course and informed onboarding redesign.

UX/UI Designer (Internship), *HP-appen*

2024–2025 · Stockholm, Sweden

Identified and analyzed usability issues and friction points in *HP-appen*, a platform that helps students prepare for Sweden's university admission exam.

Retail Sales Associate, *Dressmann*

2022–2025 · Stockholm, Sweden

Administrative Assistant, *Job by Instep*

2022 · Stockholm, Sweden

International Trade Specialist

2013–2019 · Tehran, Iran
